

Instructions: Read the sales price (or the loan amount if a refinance) under the "Policy Amount" column and locate the title premium amount directly to the right. Note: The table only shows the title insurance premium amount. Additional charges for title search, exam fee, and closing fee are in addition to the amounts shown. You may be entitled to a discount if you are refinancing, or if the property to be insured has been owned by you for less than one year, or if the property to be insured is unimproved (vacant land).
